

Eastlakes Edition

Term 1 Week 4 – 22 February 2019

Meet the Teacher Afternoon

It was fantastic to see so many families come to our Meet the Teacher afternoon this week. It was a great opportunity to visit your child's classroom and learn about class and school programs.

Parents who attended received an envelope with many different notes and a Meet the Teacher parent handout with lots of useful information. Please ensure you return all notes and update contact and health information by the dates required.

If you were unable to attend your child should have received the envelope from their teacher. Please see the class teacher if you have not received the envelope.

AUSGRID Winners

Students in stage 3 made a video about electricity safety for an AUSGRID competition. The judges of the competition congratulated students for demonstrating fantastic video making skills and promoting electrical safety messages. Students won an electrical demonstration kit for the school. It comes with a circuit board, light bulbs, multimeter and other materials. Students are looking forward to learning more about electricity. Thanks to Mrs Taylor for organizing the entry.

Term 1 Dates

Week 5

Mon 25 Feb	<ul style="list-style-type: none">9am Morning AssemblyGot Game Dance Classes K-6

SMOOSH

Out of school hours care on the school site SMOOSH (*Safe Multicultural Out of School Hours*) offers care for school-aged children aged 5-12 years, before and after school during the school term.

In order for a child to enrol at SMOOSH, they must enrol at Eastlakes Public School.

Contact the SMOOSH coordinator or speak with one of the employees at the school.

SMOOSH Mobile: 0431 427 176

Fax: 02-83388502

School Community Charter

The School Community Charter has been developed in consultation with a wide range of stakeholders and outlines the important role parents and carers play in our school communities. The charter outlines the responsibilities of parents, carers, educators and school staff in NSW public schools to ensure our learning environments are collaborative, supportive and cohesive.

We encourage all EPS parents to familiarize themselves with the School Community Charter that aligns with our PBL school expectations of Responsible, Respectful, Learners. You will find a copy of the charter at the end of the newsletter or use the link to view online: <https://education.nsw.gov.au/public-schools/going-to-a-public-school/media/documents/school-community-charter.pdf>

Young Engineers

Each term a different stage across the school will engage in the Young Engineers Program. Stage 3 have started this term and have already completed two projects; a sand strainer and a circus carousel. They learned about transmissions, pseudocode and centrifugal forces. Students are taught by real engineers who run the program in the classroom every week.

2-10

In 2/10, we have settled in beautifully into the new year and have already learnt so much. On February 14th, 2/10 thoroughly enjoyed creating Valentine's Day art to decorate the room with. Here are some pictures of the students and their artworks.
